🖥 PROJECTS

TRUMP BOT   2019
○ github.com/taiyrbegeyev/trump_genius_bot
Telegram Bot that can search for the dumbest things Donald Trump has ever said by keyword. If you want some diversity, random quote and meme options are available.
[Express.js] [REST API]

WEATHER APP   2019
○ github.com/taiyrbegeyev/weather-app
Weather App that fetches API from openweathermap. User is asked to input a city and a country he or she wants to get information about. The temperature, humidity and conditions are displayed to the user.
[ReactJS] [Bootstrap] [REST API]

CAMPUS LIFE   2019
○ github.com/techclubjacobs/
Work on the front-end and back-end of the unified Campus Website : Campus Store, Campus Life and Campus People
[NodeJS(Express.js)] [Typescript] [MySQL] [REST API]
